Econ 520a. Advanced Microeconomic Theory: I

Day / time: HTBA
Course Type: Graduate
Course term: Fall
Year: 2019
Instructor(s): Johannes Hörner
Visiting Instructor(s): E. Shmaya
Location: RTBA

The first half of the course provides an introduction to the classical theory of choice and delves into nonstandard preference models, including preferences for commitment, preferences for the timing of resolution of uncertainty, reference dependent preferences and time-nonseparable preferences. The second half covers topics in game theory.

Semester offered: Fall
